Cycas Design

Balance and symmetry is the calling card for Mark Browning’s Bridgefield design with a unique paved area leading to a soft garden area ensconced in trees and shrubs. This is a design that will make a house a home.

Mark Browning and his team at Cycas Landscape Design pride themselves on creating sustainable and sensible design principles that strike a balance between both hard and soft landscape treatments. The materials and plants used by Cycas seek to help clients reduce

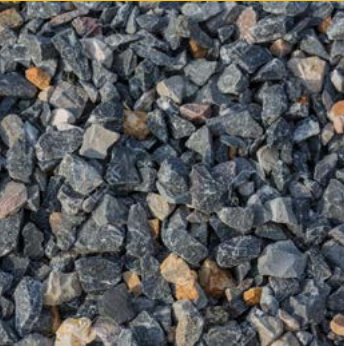

their carbon footprint through the process of delivering beautiful outdoor spaces.

Fleming’s Formal Design

Fleming’s brings you one of two exciting garden designs, completely unique to Bridgefield. A touch more formal, this design promotes strong lines and symmetry and will add a contemporary feel to your home.

Wes Fleming is one of Australia’s leading forces in promoting and engaging the community to recognise the intrinsic value of horticulture in the urban environment. Having gained a prestigious Order of Australia Medal for his services to horticulture and landscape

architecture, Wes continues to seek innovative ways to help enhance the value of green life in everyone’s daily experience – from early childhood and beyond.

Phillip Johnson Design

The vision for the Bridgefield garden by Phillip Johnson is to create a free-flowing space that offers a tranquil natural garden to compliment any style of Australian home. The design aims to replicate nature’s unique environmental design and connect people back to the outdoors.

Nature has always enthralled and inspired Melbourne-based landscaper Phillip Johnson. For over 20 years, he has been designing and building stunning sustainable landscapes throughout Victoria, interstate and overseas. In 2013, Johnson was globally recognised,

when his design and construction of the Trailfinders Australian Garden presented by Flemings won Gold and Best in Show at the 2013 Centenary year of the UK’s prestigious Chelsea Flower Show.

TLC Design

Scott Wynd from TLC Design offers a Bridgefield garden that is both contemporary and sophisticated, with clean lines for symmetry and lush garden beds to enhance the home.

TLC Design was born in 1992 out of a need to provide people with beautiful and unique outdoor spaces in which family and friends can come together and enjoy their own personal open space. The TLC Design philosophy translates perfectly to projects of any size and although

the company style leans toward the contemporary; restraint, unity and elegance are always key principles in the overall landscape.
